REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: claims 2 and 4 are allowed for the same reasons as set forth in the Office Action mailed on 2/7/2007 (see paragraph No. 3).

More specifically, in claim 2 the limitation "a selection unit configured to select one or more of the receiving buffer size of the signal receiving device, the calculating capability of the signal receiving device, and the propagating environment of the signal receiving device, for selecting the identified data layers" requires the presence of all three (i) receiving buffer size of the signal receiving device; (ii) calculating capability of the signal receiving device, and (iii) the propagating environment of the signal receiving device in the claim.

In claim 4, the limitation "a selection unit configured to select at least one of the number of multiplexed codes, the coding unit of error correction codes, and the information block number, for dividing the data to be transmitted into a plurality of layers" requires the presence of all three (i) the number of multiplexed codes, (ii) the coding unit of error correction codes, and (iii) the information block number in the claim.

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
